How to activate your game with Ubisoft

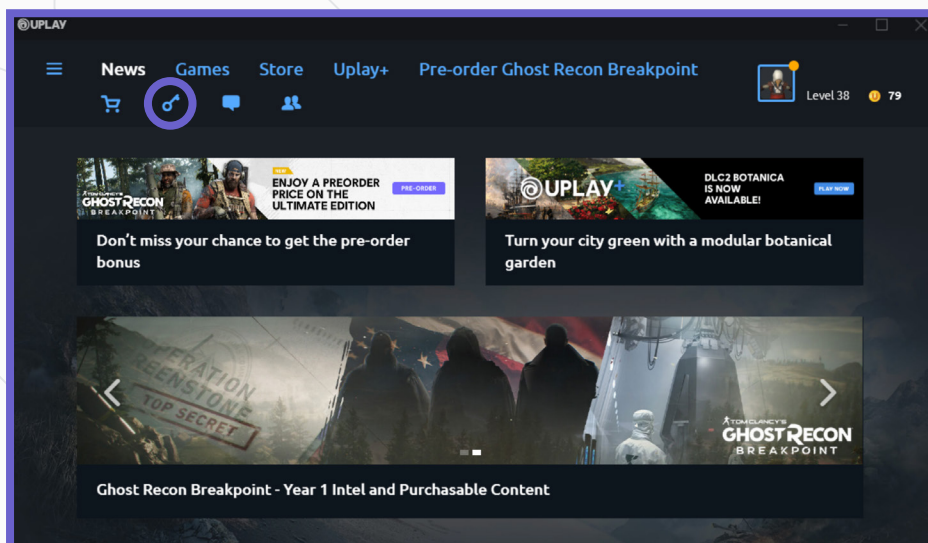

1. Go to ubisoftconnect.com
2. Download and install the client.

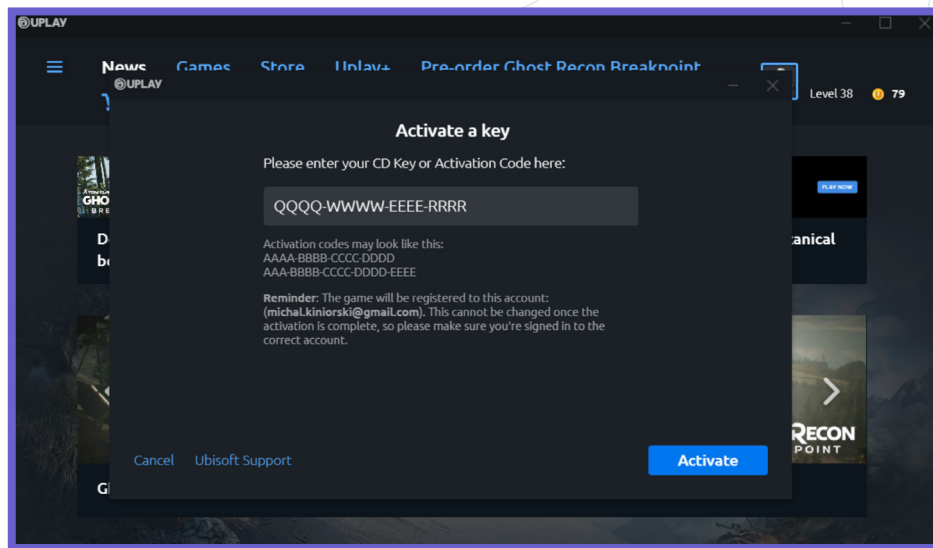

3. Once the client has been installed and running, login with your username and password.
(Create one if you do not already have one)

4. In the top left corner there is activation icon looking like a key, click it.

5. Enter your unique code purchased on Gamemore and click "Activate".

6. Once activated, the game will automatically be added to your library and ready to download.
